

WHAT AM I SUPPOSED TO DO? Trusting God Through Uncertainty

Have you ever wondered what God is up to? Have you ever questioned your calling? Has God ever burdened your heart with a need, but you were too fearful to act? Have you ever felt insecure about your abilities? If you are a believer in Christ, you know God wants to use you in Kingdom work. However, sometimes it's difficult to sort through all the emotions and "what-ifs" and step out in faith. The enemy wants us to remain in a holding pattern, questioning God's plan until the courage to trust Him fades. One such patriarch of the Old Testament faced a similar challenge. He didn't always respond in faith, but God did not give up on him. God won't give up on you either. Let's see what we can glean from this man's experience.

God had commissioned Moses to lead the Israelites out of slavery in Egypt. How did Moses respond?

Have you ever been in a similar situation? If so, what was your response?

[Read Exodus 4:12, 15-17.](#)

What was God's response to Moses?

How did God provide for Moses to fulfill the task?

[Read Exodus 4:20.](#)

What did Moses do?

As educators, we are on mission every single day. Some days we are called to do our daily jobs the best we can. Other times, God asks us to attempt a task that feels insurmountable. Regardless of the call, we can trust God in the uncertainty. He will provide all we need. Our job is to respond in obedience, believing God's plans are perfect. The more Moses obeyed, the more He saw the miraculous hand of God in action. Don't miss out on what God has for you. What are we supposed to do? Obey and trust Him in the uncertainty.

Dear Lord, thank You for Your patience with me. Forgive me, Lord, for not trusting You to provide all I need. Your Word says You give more and more grace through the Holy Spirit to lead an obedient life that reflects faith and gratitude for salvation. Pour out Your grace on my life today. I will trust You through the uncertainty. Thank You for Your faithfulness to me. In Jesus name, Amen.
