BLOG Submission Process and Guidelines

Description

Victorious Educator Ministries is a forum to support, empower, ignite, and encourage educators around the world to live out their Christian faith in the workplace – in front of students, parents, and colleagues.

This ministry seeks to develop a forum by which Christian educators can accomplish these aims.

- Share how God is moving and working in their schools.
- Seek guidance through God's Word.
- Support each other through prayer.
- Grow spiritually in our walk with Christ.
- Gather together to build one another up.

Do you have a story, word of encouragement, or message to share? Do you feel God has blessed you with the gift of writing? If either of these are true, this ministry would like to give Christian educators an opportunity to share with Victorious Educator's community.
